

# Good reasons to buy an mp aquarium

## Aquarium and Varilux hoods

### Safety

- ❶ High quality float glass according to DIN standard
- ❷ Safety light units, production according to ISO standards and DIN 32622
- ❸ Rubberised seals to stop condensation: siliconised from 120 cm size
- ❹ Hidden cross reinforcers for full tank volume use
- **NEW:** Damage-proof edges on bottom trim and hood thanks to EHEIM thermo-lamination process

### Handling

- ❺ Completely detachable hood (except pre-assembled models)
- ❻ Folding and removable flaps for easy maintenance
- ❼ Movable light unit and extra large service openings for accessing the aquarium bottom
- Cable and hose flaps with condensation protection at rear
